AHMAD SUBHAN DARYHADI

0895331741078 | ahmadsubhandaryhadi@gmail.com | www.linkedin.com/in/ahmadsubhand | https://ahmadsubhand.github.io/

Jakarta, Indonesia

I'm a student of IPB University majoring in Computer Science. I have learned Web Development since I was in high school, especially about frontend. Currently, I've been diving deeper into backend development while still exploring new things in frontend, especially with React. I'm always eager to expand my skills and take on new challenges in software development.
